

## Forward In Faith

Thank you to everyone who donated to our Forward In Faith Studio Remodel Campaign last June. The equipment upgrade will position WTGN to continue broadcasting quality programming well into the future. We're pleased to announce that the furniture has been delivered, and the remodel is scheduled to take place over the next few months. We're excited to see the new studios, and we're looking forward to sharing updates as we make progress.

Please be in prayer for us as we begin the transition. Specifically, please pray for our engineers who will be installing the new equipment. Also, please pray for the WTGN Radio staff as they continue to work throughout the remodeling process.

There's still opportunity to partner with us to ensure the studio upgrade is a success. To contribute, please call us at 419-227-2525, mail your donation to: WTGN Radio, 1600 Elida Road, Lima, Ohio 45805, or visit us at WTGN.org and click "Donate." Thank you for partnering with us to Witness The Good News.

Here's a look at our stand-up studio desk for the Control Room. Each studio will feature custom hardwood desks with steel counter supports.

The AudioArts Lightning analog radio mixer will equip us for broadcast in our newly redesigned control and production studios. These boards will replace the Pacific Recorder boards that we've used since 1996.

The VoxPro digital audio editing system will enable us to record, edit and air phone calls and audio clips in moments.

The PrayerTime studio will feature a new desk configuration for enhanced production capabilities. This studio will also include video technology that will allow us to broadcast live and recorded programming.
