An Update on Karl Young

From Scott Young's wife, Linda Young

On Easter Sunday, April 4th, our son-in-law Karl tested positive for COVID. He was sent home, and then on April 10th admitted into the hospital at Mercy Health.

After 3 days, Karl was put on a ventilator. His prognosis was extremely critical. We notified people of Karl's condition, and the journey of prayer and support began.

Karl is 47 years old. He has a step-son, Brendan, who is 15 years old, and a little son, Landon, who is 6 and a half years old. Landon is non-verbal

and has special needs. Karl's hospital stay was particularly hard on him. Landon would sit by his father's recliner and wait for his dad to come home from work. One day he ran across the street from his apartment to Karl's car to search for him. Landon was not able to ask or understand why his dad wasn't home.

But, all praise to God, after 74 days in the hospital, Karl was released to go home on June 23rd. We would like to thank the doctors and nurses who cared for Karl. Also, thank you to all of our friends, church family, the WTGN listeners, and everyone who joined in prayer and financial support for this family. It will be a long recovery and lots of hoops to jump through, but Karl is home!
